Answer

The interest rates for savings accounts at IDFC First Bank are structured as follows:

- Current Interest Rate: IDFC First Bank offers competitive interest rates for its savings accounts, which can vary based on the account type and balance maintained.
- Interest Calculation Frequency: The interest is calculated daily and credited to the account on a monthly basis, allowing for compounded growth over time.
- Minimum Balance Requirements: To earn interest, account holders must maintain a certain minimum balance, which varies by the specific savings account product.
- **Special Accounts**: Specific savings accounts, such as the Women's First Savings Account, may have tailored features and benefits, including possibly enhanced interest rates.

For the most accurate and up-to-date information regarding specific interest rates and conditions, it is advised to check directly with the bank or refer to their official communications 1.

What is the current interest rate on savings account?

- 6. https://www.idfcfirstbank.com/business-banking/loans/loan-against-property

Answer

The maximum tenure for home loans at IDFC First Bank is typically structured as follows:

- Maximum Tenure: The maximum repayment period for home loans is generally up to 30 years, depending on the specific loan product and borrower eligibility.
- Factors Influencing Tenure: The selected tenure may vary based on factors such as the borrower's age, income eligibility, and the amount of loan applied for.

Borrowers are encouraged to review their individual circumstances and consult with the bank for tailored options that suit their financial positions and requirements 1.
